

1. DokuWiki

DokuWiki is a simple to use and highly versatile Open Source  wiki software that doesn't require a database. It is loved by users for its clean and readable [syntax](#). The ease of maintenance, backup and integration makes it an administrator's favorite. Built in  [access controls](#) and  [authentication connectors](#) make DokuWiki especially useful in the enterprise context and the large number of  [plugins](#) contributed by its vibrant community allow for a broad range of use cases beyond a traditional wiki.

Read the  [DokuWiki Manual](#) to unleash the full power of DokuWiki.

1.1. Download

DokuWiki is available at <https://download.dokuwiki.org/>

1.2. Read More

All documentation and additional information besides the [syntax description](#) is maintained in the DokuWiki at  www.dokuwiki.org.
